26-Oct-2016	Order CIVIL CASE MANAGEMENT ORDER AND NOTICE OF PRESUMPTIVE DISMISSAL DATE SENT TO PETITIONER ACTING PRO SE FOR DEADLINE OF APRIL 14, 2017.

IN THE CIRCUIT COURT OF LINCOLN COUNTY, MISSOURI
CIRCUIT COURT DIVISION 1

RALPH D. HATHAWAY,)
Petitioner(s),) Case No. 16L6-CC00130
v.)
LINCOLN CO. SHERIFF'S DEPARTMENT,)
Respondent(s).)

CIVIL CASE MANAGEMENT ORDER AND
NOTICE OF PRESUMPTIVE DISMISSAL DATE

It is expected that all parties and the attorneys of record will obtain service, undertake preparation of the case in an expeditious manner, and will file necessary motions as appropriate, conduct necessary discovery, exchange commonly requested documents, and engage in meaningful settlement discussions before the presumptive dismissal date.

THIS CASE WILL BE SUBMITTED TO THE ASSIGNED JUDGE FOR DISMISSAL
ON APRIL 14, 2017 (180 days after the filing date) UNLESS:

1. The case is scheduled for a non-contested hearing, to be heard before the dismissal date, on any Circuit Civil Docket. (Such dates are posted online. Go to lincolnpikecourt.com, then click on Judges' Calendars.); OR
2. The case is scheduled for a case management or pretrial conference, to be held before the dismissal date, on any Circuit Civil Docket. The attorney who will actually be trying the case must appear in person (and not by substitute counsel) at any case management or pretrial conference, and all counsel must bring their exclusionary dates for the following 6 months to each such conference.

The Court will usually enter a scheduling order at the first case management/pretrial conference. Once the Court enters a scheduling order, the same will be strictly followed and not be changed except in the event of unusual, unforeseen and unavoidable circumstances, and only then when such request has been presented to the Court as soon as it is known that said scheduling order is no longer feasible. This shall be brought to the Court by written motion explaining the same and noticed up to be heard on any Circuit Civil Docket.

Once the Court sets the trial date(s), the same will not be changed except in the event of unusual, unforeseen and unavoidable circumstances, and only then when such request has been presented to the Court no later than **two weeks** prior to the scheduled trial date unless a last-minute emergency situation arises.

The Court may dismiss the case or impose such other sanctions as the Court may deem appropriate, including striking pleadings, if any party has not complied with this Order or any Order, Rules or Statutes applicable to this case.

REASONS FOR CASE MANAGEMENT:

On January 1, 1997, the Missouri Supreme Court mandated provisions of Supreme Court Operating Rule 17 – Case Processing Time Standards. **Judges are legally and ethically bound to enforce these time standards.**

Studies and experience have shown that the vast majority of Cases will be resolved without a trial. The financial and emotional cost to the parties increases in direct proportion to the length of time it takes to resolve a case. Moreover, the longer a case lingers, the more parties lose faith in their counsel and in the legal system.

Sir,

On 07/24/2015, at approximately 1339 hours, I was dispatched to 174 Cabin River Road Troy (Lincoln County), MO, and directed to make contact with Ralph D. Hathaway. I was told Hathaway wanted to report a burglary.

On 07/24/2015, at approximately 1425 hours, I contacted Ralph at his residence. Ralph told me on 07/22/2015, members of the Lincoln County Sheriff's Office responded to his address because it was reported he was making suicidal statements. Ralph told me as a result of his contact with the Sheriff's Office, he was transported to St. Joseph's Hospital in Wentzville, MO for a mental evaluation. Ralph told me he was released earlier that day and he returned home to discover he was missing some electronic items. Ralph said there was also evidence someone had come onto his property and tampered with some of his belongings.

Ralph told me when the officers came to his house, his son was staying with him. Ralph said he called his wife to come get their son. Ralph told me his wife responded to his residence and picked their son up. Ralph said his wife locked and secured his house prior to her leaving it. Ralph said when he returned to his house earlier that day, it was still locked and secured. Ralph said when he made entry to his house he discovered a laptop computer missing, and an electronic tablet missing.

Ralph said he thought he noticed some pry marks on the back door. Ralph directed my attention to the back door. On the back door near the door handle were two very small marks that appeared to be consistent with someone taking a small knife and stabbing the wood twice. This damage did not appear consistent with anyone attempting forced entry at the back door. Ralph told me there was a window that was not secure leading into the residence; however there was a piece of black electrical tape over top of the window that was still in place when we inspected it. It should also be noted the window was extremely small and only a small child would have been able to enter and exit through the window.

Ralph told me he had a camera set up on his porch that would have caught anyone at his house on tape. Ralph said when he left the residence to go to the hospital, the camera was facing out into the yard. Ralph said upon his arrival back at the house, he noted the camera had been turned to face the house and was no longer in a position to capture footage of the front yard area. Ralph said the camera was hooked up to the missing laptop. Ralph said there was no way to access any of the footage captured on the camera without the laptop.

Ralph led me into the residence. Ralph directed my attention to the master bedroom. Ralph said whoever took the computer, unplugged it from the camera, and unplugged it from its power cord. The power cord was still plugged in to the wall. Ralph said other than the laptop and the tablet, nothing else was missing. Ralph said there was no visible damage to any part of the house. Ralph said he walked around outside a bit to see if he could locate anything. Ralph said he discovered some of his fishing poles that were near the creek in his back yard, had been thrown in the creek.

I pointed out to Ralph it was very odd that the only items taken were a laptop and a tablet. It should be noted there were additional electronic items located in the residence to include appliances, and a large flat screen television. I also pointed out to Ralph it didn't make sense why the power cord of the laptop was not taken since it was readily available. Ralph agreed this was very suspicious. I asked Ralph who he thought may have been responsible. Ralph did not come out and accuse anyone in particular, but he alluded to the fact he felt law enforcement — may have been responsible. Ralph was not willing to further explain why he felt this way. I questioned Ralph as to who had access to his computer. Ralph told me it was his computer, and he was the only person who used it or had access to it. Ralph told me this also applied to the tablet as well.

I spoke with Ralph's wife, who was identified as Rachael. Rachael told me she responded to Ralph's residence the other day when the police were there. Rachael said she picked up their son to take him home with her. Rachael said Ralph left before she did. Rachael said when she left the house, all doors were locked and secured. Rachael was unsure if the laptop was in the house when she left.

A neighborhood canvas was conducted and contact was made with homeowners Kelly and Justin Barnes at 171 Cabin River Road. Kelly and Justin said a car arrived the other day just prior to Ralph leaving with the police. Kelly and Justin said this car remained at the residence for another 2 hours before leaving. Kelly and Justin gave a description of the car that was consistent with Rachael Hathaway's vehicle (blue station wagon). Kelly and Justin said they did not see any other vehicles or people near Ralph's residence until he returned home earlier that afternoon.

Further information will be forwarded in supplemental reports.

This report will be kept on file for informational purposes only.
